Through a graffiti survey conducted by the CAP team, it has come to our recent attention that your building has been tagged with graffiti:

High on south west corner and high on west corner 921 Victoria St.

As local benefactors for the Central business area, the KCBIA strongly encourages you to remove these blemishes from your building as soon as possible. Outlined below are a few local associations and businesses that can help you deal with graffiti and thereby make your business more aesthetically pleasing to the public.

1) Graffiti Task Force: Painting over graffiti for 60¢/square foot

We would also like to make you aware of a new bylaw that will be coming into effect in the upcoming months. Once this bylaw is introduced it will be possible for business owners to be fined if graffiti on their buildings is not dealt with within a reasonable amount of time. However, the KCBIA has lobbied to ensure that graffiti taggers will be fined as well within the context of the same bylaw.

Please note that this notice is for your benefit and is not related to the bylaw stated above. As a business improvement association we are simply trying our best to enhance and beautify downtown for the benefit of all. Thank you for your time and attention to this matter. If you have already removed the graffiti, we thank you. If you have any questions feel free to call our office at 372 – 3242 or email: info@kcbia.com.

Sincerely,

Gay Pooler
